

Randy S. Howard

Bio-Resume

Employment

Mr. Howard is Director of Power System Planning and Development and the Chief Compliance Officer in the Power System Executive Office at the Los Angeles Department of Water and Power (LADWP). He is currently leading several Power System strategic initiatives transitioning the utilities resource mix and developing new transmission. He manages the Transmission Planning, Resource Development and Procurement, Fuel Procurement, Regulatory Compliance, and Wholesale Marketing. He has held many previous engineering and management positions at LADWP.

Education

He has an undergraduate degree in Electrical Engineering from California State University, Sacramento and a Master in Business Administration from Pepperdine University.

Organizations

He is currently leading the Large Public Power Council (LPPC) CFTC Rulemaking Work Group, the Southern California Public Power Authority (SCPPA) Renewable Development Group and involved in several technical and charitable organizations.
