CALIFORNIA
COMMUNITY POWER

Welcome to California Community Power

CC Power allows its member CCAs to combine their buying power to procure new, cost-effective clean energy and reliability resources to continue advancing local and state climate goals. CC Power members represent over 3 million customers across more than 145 municipalities spanning from Humboldt County to Santa Barbara County.

Members

CALIFORNIA
COMMUNITY POWER

Introducing CC Power

CC Power is akin to SCPPA and NCPA, only for CCAs.

- 9 members
- 267 MW, 4 contracts to date:
 - 2 Long-Duration Storage (8-hour)
 - 2 Firm-Clean Resources (geothermal)
- Goals:
 - Supporting CCAs with joint action:
 - Resource Planning and Procurements
 - Shared Services, including programs
- Upcoming Event – “Getting It Built Right”, Nov 3.

Possible future project areas

Cafeteria menu-style offerings for CCAs.

Especially if its big, new (weird), or has different risks, it could be a fit for CC Power.

- IRA-related projects
 - Projects and Programs/Bulk Buy
- Offshore Wind
- Biomass
- All source (TBD)

Thank you!

Alex Morris – amorris@cacommunitypower.org
